

# INCREASE YOUR COMFORT AND STYLE— INDOOR AND OUT

Enhance your indoor and outdoor experience with a motorized retractable screen. Control your screens effortlessly with a hand-held remote or automation system.

Fastest turnaround time in the industry

Custom manufactured to ordered specifications

Solar, insect and vinyl screens available

Built to last

Available in spans up to 28'

## THREE INSTALLATION METHODS

### Standard

For inside and outside mount applications. 1-3/4" wide.

### Recessed

Hide the tracks and housing from view (pre-construction). 3-1/4" wide.

### Self Adjusting Tracks

- Self adjusting/self tensioning.
- Superior engineering
- Ideal for vinyl applications (as it adjusts for shrink & expansion)
- Wind abatement
- Available as an option on any screen

\*Sealed track shades are motorized only.

## (HD 2.5 BOTTOM BAR VS. STANDARD BOTTOM BAR)

As part of our New Hurricane Screen, we have designed a new heavy duty Bottom Bar. In comparison to our current standard Bottom Bar, (HD 2.5 Bottom Bar vs. Standard Bottom Bar), the HD 2.5 is 2 & 1/2 times heavier than our standard Bottom Bar. It also reduces deflection 68% as compared to the standard Bottom Bar for similar size and loading conditions. We know that the additional weight and substantially less deflection can be a major contributor to better overall motorized screen performance, particularly in high wind conditions. So, we decided to make this Bottom Bar available with any motorized screen order.

## HOUSING COLORS

Choose from five standard colors or create your own custom color.

Beige

Black

Brown

Ivory

White

Custom

## WEATHER PROTECTION

Create an attractive defense to the elements, without hindering your view.

- ✓ **CLIMATE CONTROL** - Moderate whatever Mother Nature throws, for a more comfortable indoor space.
- ✓ **BLOCK UV RAYS** - Reduce the risk of harmful UV rays that can fade furniture.
- ✓ **REDUCE ENERGY BILLS AND GLARE** - Enjoy more efficient air conditioning with innovative fabrics that block 80-99% of the sun's heat and glare.

## PRIVACY & INSECT PROTECTION

Increase privacy when you need it. Maintain superior ventilation, outward visibility and the ability to retract the screens with the touch of the button.

Prevent pesky insects, like mosquitoes, flies, and bees from invading your space (and your favorite beverage) with a durable, vinyl-coated polyester screen.

### PRIVACY SCREEN FEATURES:

- ✓ **Flame retardant**
- ✓ **GREENGUARD® Gold Certified**, meeting high standards for low chemical emissions and indoor air quality.
- ✓ **Seal of approval by the Melanoma International Foundation (MIF)** for effectiveness in preventing sun damage to the skin or eyes.
- ✓ **Covered by a 10 year warranty**
- ✓ **Protected with Microban®** to inhibit the growth of stain-causing bacteria, mold and mildew on the screen.
- ✓ **Proudly made in the USA**
